

NYA Bi-Monthly Newsletter

14th February 2026

NEW YORK
ACADEMY

HOS - ANTHONY MILLWARD

I am thrilled to share with you the latest happenings at NYA and to preview what is coming up.

Firstly, I would like to express my gratitude to all of our families who have continued to support us. Your loyalty and support have allowed us to continue to provide the high quality teaching and learning we are known for, while ensuring our programs remain effective and relevant in a changing world.

Re-Enrollment for 2026-27

Yesterday in the Head of School email to all parents, details were provided for the re-enrolment of our NYA families for the new academic year 2026-27. To ensure your child's place is secured, we kindly ask you to complete the re-enrolment process at your earliest convenience.

Please find a link below for an re-enrolment form and submit it to the PRM or Front Desk of NYA. This can either be in physical form or a digital signed copy. Once we have received your re-enrolment information, we will send you the fee details through the MCB payment link. For any queries please do not hesitate to call the PRM or Front Desk of NYA, or just pop in to meet with the team.

VP - HIMABINDU

Hey NYA Families! Get ready to zoom into an action-packed February.

In Semester II, informal teacher observations are underway with quick 10-20 minute walkthroughs offering real-time feedback to boost differentiated Instruction and AERO pacing. Class pictures from last week captured our students' sparkle, while assemblies let them shine as leaders; field trips fueled real-world adventures safely. Please stay tuned for more updates and we hope you enjoy our latest school news!

From the Head's Desk

HERE'S WHAT HAS HAPPENED IN THE LAST FORTNIGHT AND WHAT'S TO COME!

Welcome to our mid month newsletter! We are thrilled to share with you the latest events in our school to make a positive impact in our community.

This month has been all about turning our school spirit into community strength. Dive in to see how our students are leading the way.

We hope these updates inspire you!

We are also excited to announce that we will be hosting our next PRE-4B assembly on 16th and 26th of this month. These assembly events fun and interactive way to support our cause while also enjoying and entertainment.

We are delighted to invite you to our upcoming school assembly. This assembly is a wonderful opportunity to celebrate our students' achievements and showcase their hard work and talents. We hope to see you there!

We are unique

Our Kindergarten A class recently delivered a heartwarming assembly themed "Unique Like Me, Special Like You." The children presented an engaging skit that beautifully showcased the importance of embracing individuality and celebrating differences.

The assembly also featured a heartfelt rendition of "Count on Me" by Bruno Mars where the children sang with joy, spreading messages of friendship and mutual support.

In addition, they included a reflection segment that not only emphasized the celebration of uniqueness but also aligned with our school's vision of fostering a growth mindset. This helped the children understand that being unique is not only perfectly fine but also an essential part of our collective growth. It reinforced the idea that every child's individuality contributes to a richer, more inclusive community.

Overall, the assembly was a beautiful celebration of diversity, unity & the power of a positive mindset.

Learning beyond Borders

The Kindergarten B class assembly, "Globetrotters: Learning Beyond Borders – Around the World, Growing with an Open Mind," was a joyful and inspiring presentation by our young learners. The children performed with great zeal, confidence, and passion, taking the audience on a colorful journey across different countries and cultures.

Through expressive narration and role play, the students beautifully conveyed the importance of open-mindedness, respect for diversity, and a growth mindset. Each country presentation reflected their curiosity and understanding, while the mindset reflections highlighted learning through trying and believing in oneself.

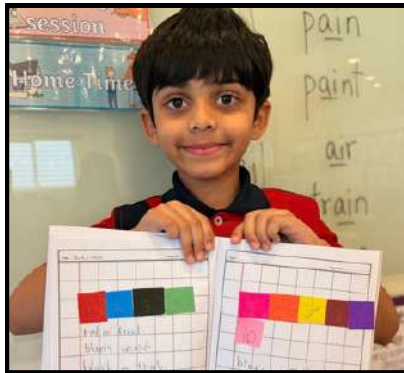

The assembly concluded with an energetic group song, where the children sang with enthusiasm and confidence, spreading a message of unity and joy. Overall, the performance showcased excellent teamwork, stage presence, and a strong sense of global citizenship, leaving the audience proud and delighted.

Class Room Highlights

PT-PG

Our little learners explored fascinating birds like pigeon, parrot, and peacock through fun flashcards and hands-on activities. Children used colors and simple materials to create bird-inspired artworks, enhancing creativity and fine motor skills. They enjoyed movement and obstacle activities, building coordination and confidence. It was a wonderful time of playful learning and discovery!

Kindergarten A

Proud kindergartener showcasing his journal activity on ordinal numbers. Each colored square represents a position—first, second, third and so on—helping them learn sequencing in a fun and creative way. This hands-on activity not only strengthened their math vocabulary but also boosted their confidence as they explained their work to the class. A wonderful blend of learning, creativity, and joyful exploration!

PreK - 4B

Its productive and engaging day in the classroom. Students are hitting key developmental milestones across several core subjects. Students are drawing landforms they've learnt about during their UOI lesson. Students are working on teen number puzzle. Students are blending sounds to read and write CVC words. Students are working on Sight words covered so far and practicing them. Students are reading CVC fluency passages.

Music

Music in our school is a journey of growth, creativity, and expression. Through structured lessons, students explore rhythm, pitch, tempo, movement, and collaboration while building focus, confidence, and teamwork.

Our teacher intentionally pours into every child, ensuring each voice is valued and encouraged. Beyond musical skills, students develop discipline, emotional awareness, and self-expression. The result is confident, creative learners who carry a lasting love for music beyond the classroom.

Up Coming Events

- Celebrations :
- Two in-class activities
- Mother Language Day - 20th Feb, 2026
- Book Day - 24th Feb, 2026
- World Sustainable Energy Day - 27th Feb, 2026
- PRE- 4B - Assembly
- PRE - K3 A - Assembly
- PRE - K4 A - Assembly
- PRE - K3B Assembly
- "You don't want to miss what's coming next. Stay in the loop."

Stories of impact: this month's story is about how Samaira went from state of hesitation to back on her feet.

Samaira created this beautiful pop art self-portrait, transforming it from black and white into this vibrant piece. The artwork itself speaks volumes.

What makes this moment truly special is the growth. Samaira has recently begun engaging in grade-level work alongside her peers. We began by encouraging her to work on what she enjoys most in art, then slowly structured time between peer activities and her personal interests. This goal took us months of patience, planning, and consistency but here we are.

This journey wouldn't have been possible without strong team effort, Samaira's perseverance, the consistent support of her shadow teacher, and all the teachers who continue to support her, challenge her gently, and believe in her abilities.

Thank you Mr. Dinesh Pimple for this beautiful art activity!

Isn't this amazing!? Samaira's story is a powerful reminder that every special child deserves a safe and comfortable learning environment place to call classroom.

By creating environments that feels like home, we can help those who have experienced hardships feel a sense of comfort, security, and hope for the future.

Let's continue to support to make a difference in students lives and consider how our design work can positively impact those in need.

Thank you for reading!
